**DAY FOR LIFE**

**“THE WONDER OF THE CHILD IN THE WOMB” SECOND COLLECTION AFTER MASS**

The Church teaches that life is to be nurtured from conception to natural death. In England and Wales, *Day for Life* is celebrated on the third Sunday of June each year. This year it falls on **Sunday, 21 June**. This year’s theme is *The Wonder of the Child in the Womb*. Here you will find information, prayers and downloads.

**Bishops’ Statement:** “Every year *Day for Life* falls on Father’s Day and we wish fathers a blessed day. Today we remember with gratitude the loving care and direction our parents gave to us, whether they are still with us or have gone to the Lord. Parenthood is a vocation of joys and hopes, of griefs and anxieties. On this year’s *Day for Life*, we acknowledge the particular grief of mothers and fathers who have lost a child before birth or in infancy. Mother’s Day and Father’s Day can be especially difficult for parents who experience the loss of an infant. Such loss often takes its bodily toll upon the mother, and it can leave fathers feeling helpless and unsure of how to support their family, or of how to express their own grief. ---- Just as importantly, many parents find consolation in their faith and its assurance that every child, including those who lose their life before they are born or soon after, is created, willed and deeply loved by God from all eternity. We have the Lord’s promise from the Scriptures that: “Before I formed you in the womb I knew you, and before you were born, I consecrated you” (Jer 1:5). Science is clear that life begins at fertilisation when a new and unique living human being comes into existence. Every technological development in recent decades has given us insight into how life in the womb unfolds for each of us. At conception, our gender, genetic makeup, and eye and hair colour are already determined. As early as five weeks, our heart begins to beat. By ten weeks, we can move and respond to touch and, beginning two weeks later, we have the capacity to feel pain. By eighteen weeks, our mother can sense our movement in the womb. By twenty-seven weeks, we can recognise the voices of our parents. - - - It is because of what both science and faith reveal to us that the Church and many people of good will have always held that the unborn child merits the full protection of the law, and why we have always rejected elective abortion.-----”
